

State the Homiletical Idea

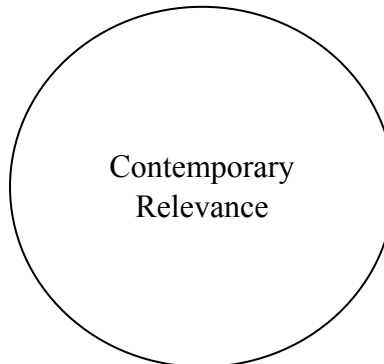

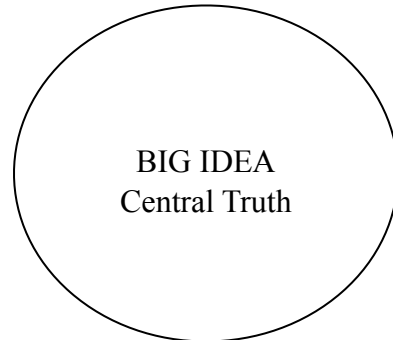

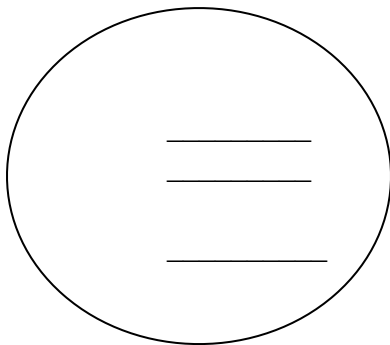

Biblical Preaching

Eddie Byun

Turn the Big Idea (eternal truth) into a Homiletical Idea (sermon sentence)

WE HAVE 3 SETS OF MATERIAL: (so far)

1. Biblical flow of thought (express God's truth)
2. Big Idea (CT)
3. Contemporary relevance

Passage and Movements	Timeless Truth	Sermonic Idea
Biblical Information	Universal Truth	Contemporary Language
Author's Audience	Any Audience	Preacher's Audience

So for this next stage of our sermon preparation, we want to:

- Turn your big idea into a sermon idea:
 - State your idea in a contemporary, relevant and memorable way.

- It's stating the big idea so that it relates to both the Bible and the audience

Marks of a Good Homiletic Idea:

1. Simple to remember
2. Catchy and memorable (like a slogan)
3. Keep it connected with a response
4. State it so that it sounds like you are talking to them (your audience)
5. Keep it positive (not negative)

Examples:
