### **Hope Be Restored**

Administered by Onnuri English Ministry, Hope Be Restored is a freedom and justice ministry that seeks to bring freedom for the oppressed and restoration to lives that have been effected by human trafficking in Korea and around the world.

### **Women's Hope Center**

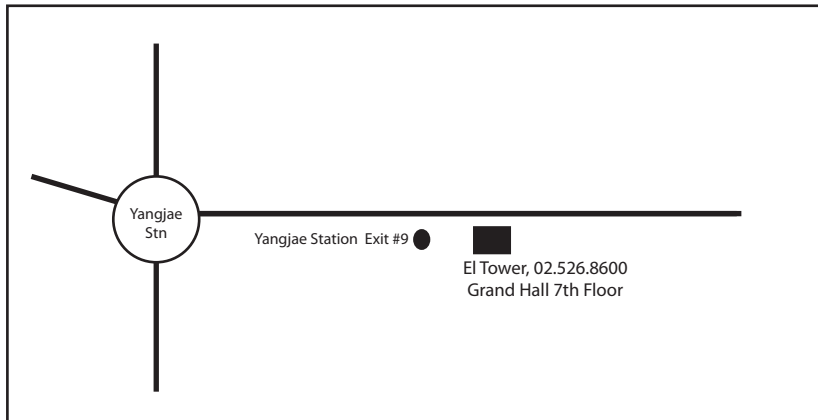

The Women's Hope Center is a ministry that exists to share God's love with those in Korea who are challenged with a crisis pregnancy by educating, supporting, and equipping them so that they may make life-affirming decisions.

Hope Be Restored(HBR) and Women's Hope Center(WHC) introduces House of Hope, a two-hundred pyung facility in North Kyungsang Province providing physical, spiritual, and emotional care to women who are vulnerable to the pressures of aborting their babies and to women who are victims of sex trafficking. House of Hope will be a safe place for women seeking refuge from society and a place to experience spiritual restoration through the love of Jesus Christ. Through House of Hope the women will receive biblical-based counseling, needed education, and vocational training to strengthen their faith and confidence to help them overcome the pressures and obstacles of returning to society.

Many of these women have difficulty dealing with the pressures from society and adjusting back to living fruitful lives. Identifying the needs of these women in readjusting back to society, HBR and WHC seek to capitalize on the opportunity of helping these women while also conveying the love of Jesus Christ.

House of Hope Fundraiser is an event for you to learn more about the House of Hope project and to provide a way to partner with HBR and WHC. Any income earned will go towards the project start-up costs. Financial supporters are indeed important but individuals who share the same heart as us with skill sets to train the women vocationally or simply be a friend to them are needed just as much. Come and see how you can be a part of giving hope and changing the lives of the women of Korea.
